02 PRACTICAL INITIATIVES

Title of strategy / event / programme / campaign	Year	Author	Short description
Community & Volunteerism			
Young volunteers in action	2018	FUNDATIA "SPORTIS" TARGOVISTE	Another important project for the environment, volunteering and the community was a campaign of planting trees (seedlings, saplings), between the 26 th and the 28 th of October 2018 in Dâmbovița. 100 young volunteers took part in planting over 4000 trees. They were helped by the representatives of the local city halls, who made sure all the tools they needed were available to ensure the success of the project.
Environment			
Young volunteers in action	2018	FUNDATIA "SPORTIS" TARGOVISTE	One of the main problems we encountered over the years was the low participation rate for young people in Romania at specific volunteering activities concerning the environment so the purpose of this project was to encourage them to be active in this kind of activities.
